PART IV.

Official Papers.

Abstract of Season or Intermediate Report for the Week ending 7th January 1882.

Bangalore District.—The weather was unusually showery throughout the District during the week and the rainfall registered at head-quarters was, in the Cantonment 68 cents and in the Town, 50. Crops reported to be in good condition; harvesting of ragi and Kartika paddy almost completed. Fever and ague prevalent chiefly in the Kankanhalli and Magadi Taluks, and small-pox at Closepet. Drinking water fairly sufficient. Prices: rice 2nd sort 11½ seers, ragi 26¼ seers and horse-gram 35 seers per rupee.

Kolar District.—Crops thriving. Weather clear. Prospects good. Ragi, horse-gram and Kartika paddy harvested. Water and pasturage sufficient. Public health good, except in the Sidlaghatta Taluk where small-pox still prevails. Cattle disease to a slight extent in the Gudibanda Taluk. Prices: rice 12½ to 15 and ragi 30 to 40 seers per rupee.

Tumkūr District.—Slight rain fell generally throughout the District. Crops in good condition except in the Tumkūr, Kunigal and Honnavalli Taluks where the wet crops are in a backward state owing to want of water. Prospects of season good. Public health good, but small-pox continues in the Kunigal Taluk. Cattle disease prevalent in some places in the Tumkūr and Sira Taluks. Supply of drinking water sufficient, except in the Honnavalli Taluk where in some places the supply is failing. Prices: rice 12 to 13 seers, ragi 28 to 36 seers and horse-gram 40 to 50 seers per rupee.

Mysore District.—Rain-fall at head-quarters 1 inch 87 cents. Crops in good condition. The harvesting of ragi, paddy, horse-gram, tadagani and black-gram continues. Prospects of season favorable. Water supply good and pasturage sufficient. Public health good. Small-pox prevalent in the Malvalli Taluk. Prices steady.

Hassan District.—Slight rain fell in the District. Paddy, sugar-cane, ragi, horse-gram and other minor crops harvested. Standing crops reported to be good in some parts, and bad in others from want of water. Prospects of season fair. Small-pox, fevers, colds and cough prevalent in parts of the District. Cattle disease in parts of the Hassan, Arkalgūd and Haranahalli Taluks. Supply of drinking water scarce in many parts of the Hassan, Arkalgūd, Belur, Channarayana and Narsipur Taluks, especially in the Haranahalli Taluk where much difficulty is experienced. Pasturage deficient in parts. 615 people left their homes for employment as coolies. Prices: rice from 12 to 19 seers, ragi 24 to 30 seers and horse-gram 32 to 48 seers per rupee.

Shimoga District.—Rain-fall at head-quarters 12 cents. Slight rain also fell throughout the District. The standing crops are reported to be in poor condition and in parts are withering especially sugar-cane in Shimoga and Honnali. Horse-gram harvested in Honnali and paddy, arecanut and ragi in the Malnad. Prospects of season fair. Fevers and colds prevalent. Prices: rice 12 to 17 seers and ragi 20 to 34.

Kadur District.—Rain-fall at District head-quarters, 1 inch 30 cents. Crops in good condition generally, but in parts of Maidan sickly for want of rain. Prospects of season fair. Public health good. Cattle in good condition generally. Drinking water scarce in the Maidan parts. Prices: rice 14 to 16 seers, ragi 22 to 24 seers per rupee.

Chitaldroog District.—Rainfall at District head-quarters 3 inches 40 cents. Rain also fell more or less throughout the District. Prospects of season good. Standing old crops reported to be in good condition in all parts, while the very young crops are fading for want of moisture. Paddy and crops of other minor produce harvested in parts. Public health good. Cattle suffering from murrain in parts. Water supply good in some parts and scanty in others. Fodder supply good. Prices: rice 10 to 14 seers, ragi 30 to 48 seers per rupee.
